## Abstract of the Disclosure

A method for producing a compound of the formula:

5 by reacting

$$R^{a2}$$
 $R^{a3}$ 
 $R^{a3}$ 
 $R^{a7}$ 
 $R^{a8}$ 

- (1) in a secondary or tertiary alcohol in the presence of a base, or
- (2) in the absence of a base is provided. According to this

  10 method, a 1-substituted-1,2,3-triazole compound having a
  tyrosine kinase inhibitory action can be produced efficiently
  in a high yield at an industrial large scale by a convenient
  method
